MARKSKYDD i Väst AB

Markskydd i Väst AB

Since the start in 2009 we have specialized in ground protection with a focus on temporary, mobile and above all environmentally friendly recyclable products. With our own production in the EU, as well as direct connection to the recycling system, we are price leaders and well on the way to being market leaders in the segment.

We focus mainly on retailers but have our own salesforce to increase market awareness of these clearly better alternatives.

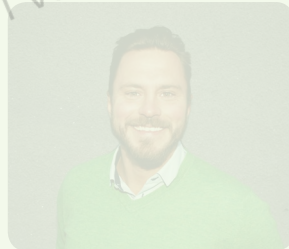

We constantly strive for

- Best possible service
- A full catalog of green products to cover ALL within ground protection.
- Fast delivery and to exceed customer expectations.
